CANDEREL is bringing new upscale residences to the sought-after Bayview Village neighbourhood with the launch of Bayview at The Village. Located along Sheppard Avenue, the seven-storey building features a high-contrast facade with a black and white rectilinear pattern. Urban Town units are also planned with private front gardens facing Greenbriar Road, and traditional townhomes will surround a new park. Bayview at The Village suites are priced from the mid \$400,000s and towns from \$1 million. canderelbv.com
